

Hudson Area Schools Google Apps for Education / Apple Parent Permission Form

I confirm that I have read and understand the following:

Under FERPA and corresponding Michigan law, a student's education records are protected from disclosure to third parties. With regards to COPPA, I understand that my student's education records (projects, documents, email, files, username and password) stored in Google Apps for Education or Apple may be accessible to persons acting on behalf of Google or Apple by virtue of this online environment. This does not include any student demographic or grade information stored in our Skyward Student Information system. I also understand that my student's use of Apple or Google Apps for Education is governed by the Hudson Area School District Student Acceptable Use of Technology Policy and 1:1 Device Handbook.

My signature below confirms my consent to allow my student's access (projects, documents, email, files, username and password) to Google Apps. In grades K-4, students will only be allowed to email within our system, meaning they can only send emails to students or staff within our domain with an @hudson.k12.mi.us email address. They may, on occasion, receive an email from Apple or Google regarding their account, but they should not be corresponding with anyone outside of the school. Their email account may also be used to sign up for online sites under the instruction of a teacher, such as Schoology, to access additional classroom documents, discussions, content, etc. I understand that I may ask for my child's account to be removed at any time.

_____ YES, I give permission for my child to be assigned a full Hudson Area School District Google Apps for Education account. This means my child will receive an email account (grades K-4) to email within the district. This email account may also be used to sign up for online sites under the instruction of a teacher.

_____ NO, I do not give permission for my child to be assigned a Hudson Area School District Google Apps for Education account. This means my child will NOT receive an email account or access to Docs, Calendar, and Sites. They will also be unable to create any online account (such as Schoology) that would give them access to additional educational support.
